ADMINISTRATION

PROPERTY TAXES IN COLORADO

OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The state does not impose a levy, although by Constitution it could do so. The largest share of property tax revenue (59.1%) goes to support the state's public schools. County governments claim the next largest share (22.7%), followed by special districts (11.1%), and municipal governments (7.1%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution, and that actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 13, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision of the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

RESIDENTIAL ASSESSMENT RATE

As part of an effort to head off a tax shift to residential improved property, a 1982 amendment to the Colorado Constitution provides for an adjustment in the residential assessment rate. The General Assembly is required to adjust the rate should the proportion of statewide residential value change due to a reappraisal. All other taxable property is valued for assessment at 29 percent of its actual value, except producing mines and oil and gas.

In 1987, the General Assembly acted on reappraisal assessed value projections for the 1985 level of value and reduced the residential assessment rate from 21 percent to 18 percent of actual value.

In 1988 the General Assembly acted on actual 1987 valuations and further reduced the residential assessment rate from 18 percent to 16 percent of actual value.

Early in 1989 the General Assembly acted on reappraisal assessed value projections developed by the Division of Property Taxation for the 1988 level of value and reduced the residential assessment rate from 16 percent to 15 percent. Actual assessed values reported by the counties later in 1989 substantiated the 15 percent residential assessment rate.

Table 1 indicates the percentage changes in the assessed values of each property class between the 1988 and 1989 property tax years.

Note 4: Difference due to declines in 1988 market prices and production volumes of producing mines.

Table 2 indicates the assessed value changes and percentage changes in the various classes of property between 1987, 1988, and 1989.

Table 3 indicates the assessed value changes and percentage changes by urban counties, rural counties, and by recreational counties between 1987, 1988, and 1989.

Table 4 compares taxpayer protest and appeals volumes between 1987 and 1989.

TAXING ENTITIES

Because of provisions in the State School Finance Act, those school districts with greater than average relative increases in assessed value receive less state aid. The local property tax burden in those districts increases to fill the gap.

In 1989 the General Assembly, in an effort to stabilize this tax burden shift, continued a phased-in increase in state aid to schools which will ultimately increase the state's contribution to K-12 educational programs from 43% to 50%. Those school districts with greater than average relative increases in assessed value will receive approximately the same revenues, thereby moderating increases to property tax bills.

Table 5 indicates the percentage increases in revenue by taxing entity type between 1988 and 1989.

STATE BOARD OF EQUALIZATION

Membership

The State Board of Equalization (state board) consists of the Governor or his designee, the President of the Senate or his designee, the Speaker of the House of Representatives or his designee, and two members appointed by the governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. In 1989, state board members included Donald C. Eberle, Chairman and appointee of Governor Roy Romer; Lyle C. Kyle, Vice-Chairman and designee of Senate President Ted L. Strickland; Carl B. Bledsoe, Speaker of the House of Representatives; Kenneth L. Salazar, designee of Governor Roy Romer; and Larry Kallenberger, appointee of Governor Roy Romer.

Duties and Responsibilities

The state board has various duties concerning the administration of property tax laws and equalization of the value of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 2 and 15 of the Colorado Constitution and in Title 39, Article 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the constitution, and is conducted by the Director of Research of Legislative Council pursuant to 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization, and the recommendations of the Property Tax Administrator.

Enforcement and Repayment Actions

On October 23, 1989, the state board met in the Old Supreme Court Chambers, State Capital, to review the findings and conclusions of Hoover, Thimgan & Associates, auditing contractor for Legislative Council. After considering all of the evidence and testimony, the state board concluded that four counties were not in compliance with Colorado assessment law. Each county assessor subsequently received orders to reappraise the following classes and subclasses of property.

1989 Enforcement Actions

Reappraisal orders in 1989 consisted of the following.

County	Property Classes Ordered
Cheyenne	Vacant Land Residential
Fremont	Vacant Land Residential Commercial
Grand	Vacant Land
Otero	Irrigated land

On November 17 and December 1 (Grand County), 1989 the state board met to consider county plans for reappraisal. All plans were accepted with the exceptions that Cheyenne and Otero Counties were to increase the level of state supervision contained in their plans.

As part of the 1982 amendment to the constitution, all counties that were ordered to reappraise will be required to reimburse the state for excess state equalization payments made to school districts. Excess state aid to schools occurs when counties are undervalued. The counties may be required to reimburse the costs of supervision, as well.

On October 25, 1989 the state board overruled county board of equalization decisions made in Archuleta, Dolores, and Park Counties. These decisions increased the assessed values in each of the three counties by the following amounts.

County	Class of Property	Amount
Archuleta	Commercial Pers	$ 66,380
Dolores	Vacant Land	306,400
	Residential	84,950
	Commercial	24,930
Park	Non-producing unpatented mining claims	247,890
Total		$730,550

1988 Enforcement Actions

On October 24 and 26, 1989, the state board heard testimony concerning the payback of excess state equalization payments and supervision costs resulting from their 1988 reappraisal orders.

Reappraisal orders in 1988 consisted of the following.

County	Property Classes Ordered
Las Animas	Commercial
Otero	Residential

1989 Repayment Actions for 1988 Orders

The state board initially ordered that the Otero County reappraisal be conducted using county personnel, under the supervision of the state board through the Property Tax Administrator, and that the county reimburse the state for the cost of supervising the reappraisal. The Las Animas County reappraisal was ordered to be conducted by the county with the assistance of, rather than supervision through, the Property Tax Administrator. The state board directed Otero County to present a plan of reappraisal to the state board for consideration on October 20, 1988, which was approved.

On October 24 and 26, 1989, the state board ordered repayments of 1989 excess state aid to schools and supervision costs in the following amounts. The amounts for excess state aid to schools do not include interest at 7 percent.

County	State Aid	Supervision
Las Animas	$23,823	$ 0
Otero	73,044	30,000
Totals	$96,867	$30,000

The state board allowed Otero County an alternative to direct repayment of the costs of supervision. This alternative enabled Otero County to reinvest the costs of supervision within the assessor's office as a means to enhance the operational effectiveness of the office. No mill levy increases were allowed to fund this alternative. Funding of the alternative was to occur from existing county revenue sources. Otero County chose this alternative.

1987 Enforcement Actions

On October 25, 1989, the state board heard testimony concerning the payback of state supervision costs resulting from their 1987 reappraisal orders.

Reappraisal orders in 1987 consisted of the following.

County	Property Classes Ordered
Archuleta	Residential and Commercial/Industrial
Baca	Commercial/Industrial
Bent	Ag outbuildings
Conejos	Residential,
Conejos (con't)	Ag outbuildings, Vacant Land, non-producing patented mining claims

Status of 1988 Repayment Actions for 1987 Orders

The state board found, in 1988, after review of the ordered reappraisal results, that the reappraisals in Custer and Park Counties resulted in lower values and, therefore, no excess state aid to schools occurred and supervision costs would not have to be repaid.

The state board also determined that the reappraisal order for San Miguel County was not justified and, therefore, San Miguel County was not required to repay supervision costs.

For various other reasons, the state board determined that the supervision costs associated with Logan, Mineral, Rio Blanco, and Sedgwick Counties would not have to be repaid.

On October 25, 1989 the state board determined that all ordered excess state equalization repayments had been made.

The state board allowed all of the remaining sixteen counties, which were ordered to reappraise classes of property in 1987 an alternative to direct repayment of the costs for their supervision . This alternative enabled the counties to reinvest the costs of supervision within their respective assessors' offices as a means to enhance the operational effectiveness of those offices. No mill levy increases were allowed to fund this alternative. Funding of the alternative was to occur from existing county revenue sources.

All of these sixteen counties chose this alternative and were found by the state board to be in compliance with the 1989 requirements of the alternative.

The state board initially ordered repayments of supervision costs in the following amounts. Those counties listed below where the amounts expended in 1989 did not equal or exceed their supervision costs are required to operate under the conditions of the alternative through 1990.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

The primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible; and, thereby, that each property class contributes a fair share, no more and no less, to total property tax revenue. In other words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The division is composed of five sections: Appraisal Standards, Assessment Administration, Central Resources, State Assessed Properties, and Exempt Properties.

Appraisal Standards staff conduct all appraisal courses and develop appraisal procedures for residential, commercial and industrial properties, agricultural land, natural resource, and recreational properties. They provide workshops in specialized areas of valuation; conduct schools dealing with the cost, market, and income approaches to value; and research, write, and publish manuals dealing with appraisal. Consultation and assistance is provided to county staffs with appraisal problems.

Assessment Administration staff conduct all courses dealing with the administration of an assessor's office; and research and develop manuals on assessment procedures and legal references. They provide workshops in specialized areas of assessment administration such as certification of values and levies, title conveyance, and parcel mapping. The section serves as primary liaison to the sixty-three counties in determining existing and future needs for assistance from the division in any area.

Central Resources coordinates and edits division publications, conducts research projects for the division and the General Assembly, processes abatement petitions, publishes the mobile equipment manual for county clerks and recorders, and provides data processing coordination. The section provides administrative services for the division, the State Board of Equalization, and the Statutory Advisory Committee to the Property Tax Administrator. In addition, the section deals with taxpayer complaints and serves as a liaison and coordinator with a variety of agencies with an interest in property taxation.

Pursuant to the new reporting requirements for county treasurers enacted in 1988 by SB 184, Tables 6 and 7 list the abatement refunds and tax credits and refunds granted by each county during 1988 and 1989 respectively.

State Assessed Properties values all public utilities and rail transportation properties in the state.

Pursuant to the state assessed property audit required in 1988 by SB 184, Table 8 lists the audit recommendations made by Tegarden & Associates in 1989 and the current status of each.

Exempt Properties examines all applications for exemption from property taxation for property claimed to be owned and used solely and exclusively for religious worship, private schools, or strictly charitable purposes, and makes determinations on these cases. Annual reports of exempt properties are reviewed to determine continuations of the exemptions.

The exempt properties section began the process of promulgating rules and regulations as required by 1989 SB 237.

1989 PROPERTY TAX LEGISLATION

Descriptions of two of the acts listed below, SB 23 and HB 1091, have been abbreviated to include only those provisions which affect the county assessors.

SB 23 Colorado manufactured housing licensing board. Changes the term "mobile home" to "manufactured housing" or "manufactured home" and defines these terms.

Requires that such question be delivered to the county clerk and recorder at least 60 days prior to the election. Allows the school district to withdraw such question from the ballot within 55 days of the election. Sets forth certain requirements for such plats including the information to be contained in the title block, depending on the location of the land, and the deposit of the plat with the public office designated by the county commissioners within 6 months from the date the monument was set or accepted. Requires the county surveyor, as designated by the county commissioners, to establish and maintain a survey plat records file and index system and provides the indexing and filing procedures therefor. Sets the surveyor's fee and the fee for depositing the plat at the amount of the fee collected for the recording of subdivision plats.

STATE BOARD OF EQUALIZATION COURT CASE ABSTRACTS

The following court case abstracts are presented to document the judicial review history of State Board of Equalization (SBOE) decisions since January 1, 1983.

Douglas County v. SBOE
Denver District Court
83CV9452
June 5, 1984

The Court found that the special statutory provisions concerning the valuation of "open space land" were repealed by implication upon passage of 1982 Constitutional Amendment #1. The Court ruled, however, that the appointment of Senator Callihan to the SBOE was unconstitutional due to the prohibition against senators and representatives, while serving as such, also serving in State civil offices. The Court therefore reversed the SBOE's decision regarding "open space land" and remanded the decision to the SBOE for further action consistent with the Court's order.

Centex Homes Corp. v. SBOE, et. al.
Denver District Court
84CV634
November 20, 1984

The Court found that the SBOE acted as provided in the Constitution to order Adams County to reassess 163 parcels of vacant residential land at 29% rather than the residential assessment rate of 21% applied to land with residential dwellings located thereon . The SBOE acted in a procedurally correct manner to give notice of the meeting at which the decision was made, acted correctly to review the county Abstracts of Assessment, to accept jurisdiction over the 163 parcel "subclass" created by Adams County, and to order the change in assessment percentage. Even though the SBOE was not properly constituted at the time, Senator Callihan being both a senator and a member of the SBOE, the court found that the 5-0 decision was not unduly affected by Senator Callihan and should, therefore, remain undisturbed.

Douglas County v. SBOE
Denver District Court
83CV9452
February 26, 1985

The Court ordered that this case be dismissed with prejudice.

Adams County v. SBOE
Denver District Court
85CV16003
October 28, 1986

The Court found that Adams County's three arguments against the repayment of excess State aid to schools following the completion of a reappraisal were without merit. The Court found that, contrary to the County's opinion, "such excess" was calculable and, therefore, not vague; that there is no foundation for arguing that constitutional guidelines are unconstitutionally vague, the guidelines being free of ambiguities that would preclude uniform valuation; and, that without ambiguities, the adoption of rules and regulations is unnecessary.

Writer Corp. v. SBOE, et. al.
Denver District Court
87CV21800
July 6, 1988

The Court found that the SBOE acted as provided in the Constitution to order Arapahoe County to reassess vacant lots, within improved and subdivided residential parcels of land, at 29% rather than the residential assessment rate applied to land with residential dwellings located thereon . The SBOE acted in a procedurally correct manner to give notice of the meeting at which the decision was made, acted correctly to review the county Abstracts of Assessment, to accept jurisdiction over the "subclass" created by Arapahoe County, and to order the change in assessment percentage.

Centex Homes Corp. v. SBOE, et. al.
Colorado Court of Appeals
87CA0887
November 17, 1988

The Court affirmed the Denver District Court's decision affirming the SBOE's jurisdiction and order that property with improvements but no residential dwelling unit be assessed at the same rate as all other (SIC) non-agricultural property.

Writer Corp. v. SBOE, et. al.
Colorado Court of Appeals
88CA1144
August 10, 1989

The Court affirmed the Denver District Court's decision affirming the SBOE's jurisdiction and order that property with improvements but no residential dwelling unit be assessed at 29%.

SECTION VI

TAXABLE REAL AND PERSONAL PROPERTY ASSESSED BY COUNTIES

The listing of values reflect the Abstracts of Assessment for each county in the state. The Abstracts are filed with the Property Tax Administrator on August 25 of each year, 39-5-123(1), C.R.S.

NOTE: Certain unit counts have been changed for 1989. Page 116, Coal, page 118, Earth and Stone Products, and page 121, Producing Mines now show tons of production. Oil and Gas tables show the number of producing wells. All 1988 values for these units will show "0".

All 1989 land values for Non-producing Unpatented Mining Claims also show "0" as they became exempt 1/1/89

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
